

Select your favorite Pittsburgh Corning Glass Block Pattern

The **Premiere Series** offers the widest variety of sizes, shapes and patterns for the ultimate in design flexibility, product stability and perfected performance. **Premiere Series (4" Thick Nominal)**

ARGUS® Pattern
Rounded perpendicular flutes at right angles on each face diffuse light. Maximum light transmission/medium privacy.

ARGUS® Parallel Fluted Pattern
Rounded parallel flutes on each face. Maximum light transmission/medium privacy.

DECORA® Pattern
Trademark wavy undulations provide maximum light transmission with subtle visual distortion.

DECORA® Pattern "LX" Filter
Fibrous glass inserts add significant thermal and light characteristics. Maximum privacy.

ESSEX® AA Pattern
Fine grid design of the closely spaced ridges offers uniform light transmission of a moderate degree with maximum privacy.

IceScapes® Pattern
Non-directional pattern lets light in without sacrificing privacy. Maximum light transmission/maximum privacy.

SPYRA® Pattern
Many options for decorative designs. Maximum light transmission/minimal privacy. Complements ARGUS® Parallel Fluted Pattern.

VUE® Pattern
Faces are smooth and undistorted to transmit the most light and allow ultimate visibility.

ARQUE® Block, DECORA® & IceScapes® Patterns
Curved face allows for construction of smooth, tightly curved walls with consistent mortar joints.

ENCURVE® Finishing Unit, DECORA® Pattern
Arched, soft edges round out your design options.

HEDRON® Corner Block, DECORA® & IceScapes® Patterns
Hexagonal shape is perfect for turning 90-degree corners.

TRIDRON 45° Block® Unit, DECORA® & IceScapes® Patterns
The unique shape of this block lets you create everything from 45-degree angles to full circles.

EndBlock™ Finishing Unit, DECORA® & IceScapes® Patterns
6" x 8" and 8" x 8" for finishing horizontal or vertical edges of panels.

The **Thinline™ Series** is specifically designed for panels of limited size and applications where weight is a consideration.

Thinline™ Series (3" Thick Nominal)

DECORA® Pattern
Trademark wavy undulations, provide maximum light transmission with subtle visual distortion.

DELPHI® Pattern
Prismatic diamond design offers moderate light transmission/maximum privacy.

IceScapes® Pattern
Non-directional pattern lets light in without sacrificing privacy. Maximum light transmission/maximum privacy.

EndBlock™ Finishing Unit, DECORA® Pattern
4" x 8" for finishing horizontal or vertical edges of panels.

Installation Methods

Mortar with VeriTru® Spacers

For greater strength, security and curving walls, install Pittsburgh Corning Glass Block units with mortar and VeriTru® Spacers.

VeriTru® Spacers

One-piece, all-plastic VeriTru® Spacers' speed construction, assures uniform placement and helps keep panels flush.

Special ARQUE® Block spacers are available for consistent joint thickness.

KWiK'N EZ® Rigid Track Silicone System

- Our new KWiK'N EZ® Rigid Track Silicone System eases installation and is ideal for do-it-yourselfers.
- Provides a clear all-glass look with minimal effort.

The Pittsburgh Corning Promise

The comprehensive variety of patterns, styles, and sizes available have been designed to work together in your projects as a total system. Pittsburgh Corning stands behind all glass block units when used exclusively with Pittsburgh Corning accessory products by offering a limited five-year warranty. ISO 9002 Certification assures that Pittsburgh Corning is committed to quality innovation.

The information contained herein is accurate and reliable to the best of our knowledge. But, because Pittsburgh Corning Corporation has no control over installation workmanship, accessory materials or conditions of application, NO EXPRESS OR IMPLIED WARRANTY OF ANY KIND, INCLUDING THOSE OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, IS MADE as to the performance of an installation containing Pittsburgh Corning products. In no event shall Pittsburgh Corning be liable for any damages arising because of product failure, whether incidental, special, consequential or punitive, regardless of the theory of liability upon which any such damages are claimed. Pittsburgh Corning Corporation provides written warranties for many of its products, and such warranties take precedence over the statements contained herein.

RESIDENTIAL PRODUCTS

Living with Glass

Quality made in the U.S.A.

Carve Out a Space

To mirror the exterior architecture of this condominium showcase, 4" x 8" Premiere Series DECORA® blocks form a curved wall creating a striking focal point in the dining area.

A jewel-like variety of Pittsburgh Corning Glass Block can bring your design ideas to luminous reality.

Cook Up a Gourmet Kitchen

Pittsburgh Corning Glass Block makes a special impact in kitchens such as this one, above. Here, 8" x 8" Premiere Series DECORA® blocks brighten a back splash, and 4" x 8" units create a curvaceous breakfast bar. Because it wipes clean in a jiffy, glass block makes an ideal kitchen surface.

Borrow Light From Another Room

In this living room, below, an entire wall of clear 8" x 8" Premiere Series VUE® blocks sets off the adjacent dining room, visually merging the two spaces. In the foreground, more glass blocks create an interior that furthers the sense of spaciousness.

With their variety of patterns, sizes and textures, Pittsburgh Corning Glass Block products adapt to your needs in any room.

On the cover: An assemblage of 4" x 8" Premiere Series Glass Block in the DECORA® pattern bathes a bath in brilliant light and beauty.

Pittsburgh Corning Glass Block Shower Systems

The Walk-In Shower

For a truly astounding shower design, step out of the ordinary and step into this beautiful Pittsburgh Corning Glass Block Walk-In Shower. A dramatic addition to any bathroom, the Walk-In Shower adds a level of elegance and luxury that today's discerning homeowner wants.

New!
Optional Left Entry Base

Size: 72"x51"

The Classic Shower

Size: 48"x48"

The Neo Angle Shower

Size: 52"x52"

Make a Dramatic Entrance

For an entry that's as welcoming as a warm hug or a hearty handshake, open your home with glass block from Pittsburgh Corning. Above, walls of glass block in the 12" x 12" Premiere Series VUE® pattern – 84 in all – flank a pair of glass entry doors. With its smooth, undistorted faces, the VUE® pattern is your best choice for passive solar collection and visual clarity.

LightWise® Windows by Pittsburgh Corning

Now the unsurpassable privacy, beauty, and strength of Pittsburgh Corning Glass Block is available in pre-assembled, vinyl frame windows. Just place LightWise® Windows in the opening and fasten with the built-in nailing fins. It's that easy! Available in 78 sizes with optional glass block patterns. Vinyl frames available in white and sandstone.

LightWise® Windows have the integrity of 60 years of Pittsburgh Corning Glass Block testing and innovation built-in. So, you have the freedom to allow natural light into a room while enhancing the security of the home.

From door sidelights to bathroom windows, there's no wiser choice than LightWise® Windows from Pittsburgh Corning.

LightWise®
WINDOWS BY PITTSBURGH CORNING

Customized acrylic bases, available in eight colors, are designed to accommodate and support glass block. They install like traditional shower bases to help reduce installation time and labor coordination.

Each Pittsburgh Corning Glass Block Shower in the Classic or Neo Angle style is designed to accommodate a nominal 28" x 69" door. They are available with clear or hammered glass and gold or silver frames.
